

TEACHING FOR SUCCESS®

Announcing QuickCourses Series 1

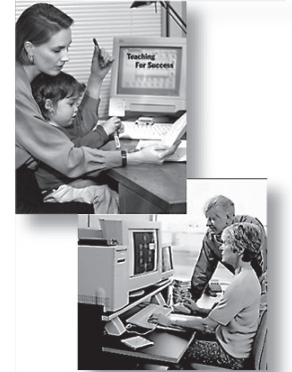

A new resource developed by Teaching For Success, the QuickCourse offers faculty quick, easy-to-complete and easy-to-master professional training in fundamental but critical teaching tasks. QuickCourses represent the newest component of the TFS A+ Faculty Development program.

Each QuickCourse in Electronic Adobe Acrobat format is designed to teach instructors a basic instructional skill or task to a depth not possible in a monthly issue of Teaching For Success. Each QC runs between 2500 and 4500 words, and it's designed to be a resource that teaches practical, basic skills in an approximately 15 - 20 minute time period.

Series 1 of the TFS QCs covers six common but crucial-to-master teaching skills and tasks. They are:
